## ABOUT ME

As a Bachelor of Computer Applications (BCA) graduate, I bring a fervent passion for machine learning along with a robust foundation in web and app development to the table. My standout trait is my exceptional adaptability, allowing me to embrace and swiftly master new programming languages and tools with confidence and ease. This adaptability, coupled with my solid proficiency in HTML, CSS, and JavaScript, positions me as a versatile and dynamic professional in the tech industry. My skills and enthusiasm not only define my capabilities but also underscore my potential as a valuable asset to any forward-thinking team.
